Primary Care, Powered by Relationships

We are a **team-based primary care** clinic serving Medicare patients. We go **above and beyond** to provide our patients with the care they need, **when and where they need it...**

What makes Hopscotch different from other providers?

Hopscotch is unique because our care is powered by relationships. Our team of doctors, nurses, community health workers, care managers and more, spend real time with our patients and help connect the dots in a complicated system. We provide care beyond the clinic walls, helping with paperwork, setting up transportation, finding affordable medication and so much more...

Primary Care the way it was meant to be

- More time with your providers
- Simple scheduling
- A full care team to support you
- Personalized treatment plans
- Support navigating insurance
- Help coordinating specialty care
